Quote

“ You’ve probably heard about the accusations leveled against climate researchers — allegations of fabricated data, the supposedly damning e-mail messages of “Climategate,” and so on. What you may not have heard, because it has received much less publicity, is that every one of these supposed scandals was eventually unmasked as a fraud concocted by opponents of climate action, then bought into by many in the news media.”

Add or change this opinion item's references

This item argues for the position Act should be passed on the topic American Clean Energy and Security Act.
