**Quote**

“ This plan raids \$52 billion from Social Security. It cuts nearly \$500 billion from Medicare and doesn't count the hundreds of billions needed to compensate doctors who treat elderly patients. A portion of this trillion dollar bill is paid for with a government takeover of the student loan industry. The government will shut down private lenders, sell expensive loans to 19 million college students and use the profits to finance "ObamaCare." ”

Add or change this opinion item's references

This item argues for the position Act should not have been passed on the topic Patient Protection and Affordable Care Act.
