**Quote**

“ If Iraq is abandoned, the credibility of America and the West is lost. Iran's hopes of regional hegemony are assured. The Americans will have cut and run after enduring less than one-twentieth of the casualties they suffered in Vietnam; and from a battle more consequential, for it is against an Islamist enemy that is rising, instead of a Communist enemy in decline.”

Add or change this opinion item's references

This item argues against the position Coalition troops should pull out on the topic Post-invasion Iraq.
