Quote

“Despite claims that this law explicitly bans racial profiling, SB 1070 will only make what is already a bad situation far worse. What is happening in Arizona is a regression from the freedoms and values we hold dear as a country. To those who point to the law's popularity, I would remind them that Jim Crow laws were once as popular.”

Add or change this opinion item's references

This item argues for the position Lawsuit was justified on the topic United States of America v. Arizona.
