Quote	<b>66</b> Even precision bombs launched from drones, notes University of Chicago scholar Robert Pape, author of "Bombing to Win," have a blast radius of up to 50 feet, and their shock waves can easily bring down neighboring buildings. Our drone strikes in rural Pakistan do enough collateral damage to sow deep anger among the locals. In urban Syria, civilian fatalities would be far higher.	"

Add or change this opinion item's references

This item argues against the position United States should intervene on the topic Syrian civil war.
