Quote

“ “But will 21,000 new troops be enough to do the job? Gen. Keane and Mr. Kagan had proposed a minimum of 30,000. If the president is correct (and I think it is indisputable) that failure in Iraq would permit "radical Islamic extremists to grow in strength and gain new recruits," permit Iran to pursue nuclear weapons, allow Islamists to topple moderate governments and funnel oil wealth to terrorists for attacks against U.S. targets, why is the surge so modest?" ”

Add or change this opinion item's references

This item argues for the position United States should increase troop levels on the topic Post-invasion Iraq.
