“ My new plan costs me \$373 a month, even after a small subsidy. By comparison, my old plan only cost me \$57 a month. And I now pay 25 percent co-insurance on all doctor visits until I reach my out-of-pocket maximum of \$1,500. This is much higher than under CoverTN. All told, I’m likely going to pay more than \$6,000 more each year for my medical care. ”
