**Quote**

“ "From the wildly improper gifts to senators like Nebraska's Ben Nelson to this week's backroom deals for unions, the so-called health care reform emerging from Washington has become bad medicine for America and ought to be rejected. Quickly. Unbelievably, the bill got even worse this past week when lawmakers agreed to exempt union workers from paying taxes that other workers will have to pay for years." ”

Add or change this opinion item's references

This item argues against the position Act should be passed on the topic Patient Protection and Affordable Care Act.
