Quote

“Those calling for withdrawal may think it is the least painful option, but its benefits would be short-lived. The fate of the region and the world is linked with ours. Leaving a broken Iraq in the Middle East would offer international terrorism a haven and ensure a legacy of chaos for future generations. Furthermore, the sacrifices of all the young men and women who stood up here would have been in vain.”

Add or change this opinion item's references

This item argues against the position Coalition troops should pull out on the topic Post-invasion Iraq.
