Quote

“ Mr. Biden will not be morphing into an ideological maximalist any time soon, but he has acknowledged that the current trifecta of crises — a lethal pandemic, an economic meltdown and racial unrest — calls for an expanded governing vision. His campaign has been reaching out to a wide range of thinkers, including former rivals, to help craft more dynamic solutions. In midsummer, he rolled out an economic recovery plan, dubbed “Build Back Better,” with proposals to bolster American manufacturing, spur innovation, build a “clean-energy economy,” advance racial equity and support caregivers and educators. His plan for fighting the coronavirus includes the creation of a public health jobs corps. ”
