Quote

“ While justified by Hamas's continuing attempts to kill Israeli civilians, the invasion heightens the risks that Israel has faced all along. Even a defeat of Hamas on the ground might not end the missile threat, and it could be forced into a full-scale occupation of Gaza. That outcome would be a serious blow to Israel's larger interests -- and those of the United States.”

Add or change this opinion item's references

This item takes a mixed stance on the position Israel was right to attack Gaza on the topic Gaza War.
