**Quote**

“ For all these reasons Pai is right to revisit rules that were passed under and with the support of President Barack Obama. We just wish he'd start the process over to ensure there is lasting integrity in the final product the commission produces, so internet service providers won't find themselves under yet another regulatory regime in three years. ”

Add or change this opinion item's references

This item argues for the position Net neutrality should be repealed on the topic Net neutrality in the United States.
