**Quote**

“ It's vital for many Republicans and Democrats in metropolitan areas such as the Puget Sound region to stick to their principles and vote against the bill's giant subsidies for wealthy producers and corporations. Many urban and suburban House members understand (as Pelosi did before she became speaker and started trying to protect her majority) that the bill should be about healthy eating, the environment and an adequate Food Stamp program, as well as farm incomes.”

Add or change this opinion item's references

This item argues against the position Bill should be passed on the topic 2007 U.S. Farm Bill.
