Quote

“ For an action to qualify as ‘preemptive’ (as opposed to the uncontroversially illegal ‘preventive’), it must be in response to "incontrovertible evidence that an enemy attack is imminent". Now, it is obvious that no such evidence exists in the case of Iran. Thus, any use of force aimed at destroying Iran’s nuclear capacity would be preventive, not preemptive, and would thus be illegal.”

Add or change this opinion item's references

This item argues against the position United States should attack Iran on the topic Iranian nuclear crisis.
