**Quote**

“ The panel's co-chairmen, former Secretary of State James A. Baker III and former U.S. Rep. Lee Hamilton, warned that there are no guarantees of success. But they said any approach is guaranteed to fail if there is no "broad, sustained consensus" from our leaders and the American people. Their report serves as a creditable starting point to build that consensus and put our policy toward Iraq on the right path. ”

Add or change this opinion item's references

This item argues for the position Iraq Study Group's recommendations should be followed on the topic Post-invasion Iraq.
