Quote

“ Hamas, Hezbollah and other terrorist groups are conducting a skillful "information war" that is making Israel a pariah state in the international community. Israel, like the United States and other democratic nations, is at a severe disadvantage trying to combat a ruthless foe willing to sacrifice its own people to score propaganda points. There are no perfect counter-tactics available, but whenever Israel does use military force it needs to be more aware of the political ramifications.”

Add or change this opinion item's references

This item argues for the position Israel was justified in its actions on the topic Gaza flotilla raid.
