**Quote**

“ Voters tempted to back Johnson should take another look at Clinton and see if they can stomach a vote for her to save the country from Trump. We've been disappointed by some of Clinton's past actions. We hope that as president she resists the progressive currents she had to navigate in her primary with Sen. Bernie Sanders and that she tacks back to the centrist positions of her husband's presidency. But a President Hillary Clinton on her worst day would be so superior to a President Donald Trump on any day that we marvel this race was ever competitive. ”
