Quote

“ "And yet, in the end there is only one standard by which the trial of Hussein and other Baathist leaders should be judged: Did it or did it not compile a true record of Hussein's crimes -- a record that in some distant, future, peaceful Iraq, will be available to help Iraqis understand what took place during Saddam Hussein's reign? Though it is unfashionable to write anything positive about Iraq right now, the answer is that it did." ”
