Quote	According to a McKinsey Co. analysis, last year health insurers lost \$2.5 billion in the individual market that ObamaCare remade. ObamaCare coops that were supposed to enhance choice and lower costs have been failing and almost all of them are losing money, a victim of the absurd rules (no industry executives on their boards, no raising capital in public markets, etc.) imposed on them by the law.

Add or change this opinion item's references

This item argues for the position Act should not have been passed on the topic Patient Protection and Affordable Care Act.
