Quote

“ Is there any good news? Beyond making coverage available to people with pre-existing conditions, no. ObamaCare was the completely wrong approach to helping a small percentage of Americans who either lacked access to insurance or refused to buy it. The president and Democrats in Congress created a monstrosity worthy of a Marvel comic book, literally ruining everyone’s health care to force coverage upon the few million people who aren’t insured at any given time. ”

Add or change this opinion item's references

This item argues for the position Act should not have been passed on the topic Patient Protection and Affordable Care Act.
