“ Indeed, Investor’s Business Daily’s Jed Graham documents 313 employers who have cut workers’ hours, outsourced their positions, or simply eliminated them outright. So far — because assigning staffers to 30 or fewer hours spares employers from new penalties for not providing insurance — at least 30,377 Americans are working shorter shifts (if any), thanks to Obamacare. IBD’s excellent coverage of this tragic trend, by definition, includes only cutbacks that generate headlines. ”
