Quote

“Those who bluster about government "rationing" need to accept that health care is already rationed in this country by the patient's ability to pay. If Congress caves to those who don't want any form of cost containment at all, no matter how small, then we'll be right back at Square One. With a bigger taxpayer bill this time.”

Add or change this opinion item's references

This item argues for the position Act should be passed on the topic Patient Protection and Affordable Care Act.
