Quote

“ Millions of workers saw their insurance premiums and out-of-pocket costs increase this year as employers moved to comply with the law's new mandates, including coverage of children regardless of pre-existing conditions, of adult children through age 26, of some counseling and mental health treatments and the elimination of lifetime coverage maximums. Those same expensive mandates have made it difficult for scores of self-employed Americans and small businesses to afford coverage in a sour economy. ”

Add or change this opinion item's references

This item argues for the position Act should not have been passed on the topic Patient Protection and Affordable Care Act.
