

Outline example

The printable version is no longer supported and may have rendering errors. Please update your browser bookmarks and please use the default browser print function instead.

This is an example of the Semantic Result Formats Outline format. Here is the query being run:

```
[[{{#ask: [[Category:Items]]
| ? Was published by
| ? Was written by
| ? Addresses topic
| format=outline
| outlineproperties=Was published by, Was written by
| sort=Was published by}}]]
```

And here is the result:

```
[[{{#ask: | ? Was published by | ? Was written by | ? Addresses
topic | format=outline | outlineproperties=Was published by, Was
written by | sort=Was published by}}]]
```
