Quote

“ If one totals up all the new taxes in the House Democratic health-reform bill -- the income surtax, the penalties on businesses and individuals that fail to buy into the government health plan, as well as other fees and taxes -- the cost to US taxpayers will top \$800 billion. New York City will face marginal tax rates as high as 57 percent. At a time of rising unemployment and economic stagnation, that is like throwing an anchor to a drowning man.”

Add or change this opinion item's references

This item argues against the position Act should be passed on the topic Patient Protection and Affordable Care Act.
