Quote

“ At a minimum, we must make use of the extensive ties that Iranian exiles in the U.S. still have with their homeland. Our spy agencies — all 16 of them — should be aiding the democratic opposition. We should also be beaming TV, radio and Internet programming to Iran's youth. Those going online from 2000 to 2005 surged 740%, the World Bank recently reported. If we give these young people a choice, they just might take it.”
