Quote

“ But there's no reason to suppose that taking a tiny sliver of the incomes of the top 1 percent will reduce all that much of their ardor to invest, innovate and hire in the future. Yet if this tiny sliver means affordable healthcare for a far larger number of Americans, who will be able to get regular checkups and thereby stay healthy and productive, the positive effect on the American economy is likely to be far greater.”

Add or change this opinion item's references

This item argues for the position Act should be passed on the topic Patient Protection and Affordable Care Act.
