**Quote**

“ Since Obamacare was passed in 2010, the growth in health care spending has slowed to the lowest rate on record for any three-year period since 1965. "If half the recent slowdown in spending can be sustained," the report says, "health care spending a decade from now will be about \$1,400 per person lower than if growth returned to its 2000-2007 trend." ”

Add or change this opinion item's references

This item argues against the position Act should not have been passed on the topic Patient Protection and Affordable Care Act.
