Quote

“ "Like President Obama, we have seen family members having to fight with insurance companies while they are sick and dying. Personally, I have a friend with diabetes die because he couldn't get insurance coverage, and didn't have the money to take care of himself the way a diabetic should. I have family members with pre-existing conditions stuck in jobs they don't like for fear of not being able to get insurance should they switch."

”

Add or change this opinion item's references

This item argues for the position Act should be passed on the topic Patient Protection and Affordable Care Act.
