Quote

“ Biden’s platform is a risky love letter to social justice warriors and those who believe capitalism is the root of all evil. For starters, Biden wants to increase the corporate tax rate. The Hill cited an economic study by Kevin Hassett and Aparna Mathur which concluded that corporate tax hikes lead to a substantial decrease in wages and spending, and spurred businesses to move out of the country. That’s not what we need, especially as a report by Yelp found that 60% of businesses around the U.S. that shut down due to the coronavirus will remain closed forever. ”
