Quote

“Health care is a service that we all need, but just like food and shelter it is best provided through voluntary and mutually beneficial market exchanges. A careful reading of both the Declaration of Independence and the Constitution will not reveal any intrinsic right to health care, food or shelter. That’s because there isn’t any. This “right” has never existed in America.”

Add or change this opinion item's references

This item argues against the position Act should be passed on the topic Patient Protection and Affordable Care Act.
