Quote

“The Frosts are not emblematic of the health care needs of America so much as they are of the delusion of the broader Western world. They expect to be able to work "part-time" and "intermittently" but own two properties and three premium vehicles and have the state pick up health care costs. Who do you stick with the bill? Four-car owners?”

Add or change this opinion item's references

This item argues against the position Program should be expanded on the topic State Children's Health Insurance Program.
