Quote

“ ""Why wait?' Well, one reason is that the United States has not been attacked. A second is a small thing called the Constitution. Where does George W. Bush get the authority to launch a war on Iran? When did Congress declare war or authorize a war on Iran? Answer: It never did. But these neoconservatives care no more about the Constitution than they cared about the truth when they lied into war in Iraq." ”

Add or change this opinion item's references

This item argues against the position United States should attack Iran on the topic Iranian nuclear crisis.

This item refers to the previous opinion item It's Our War.
