Quote “ The withdrawal from Syria will also affect the administration’s economic pressure campaign against Iran and its regional assets. The U.S.-controlled zone in eastern Syria is home to the bulk of the country’s gas and oil fields, currently off limits to Assad. Thus, for years, Iran has been subsidizing its Syrian ally’s energy needs, costing Tehran billions. The Assad regime, with Russian and Iranian support, will now prepare to retake these oil and gas fields. ”
