**Quote**

“Three things can now be predicted with certainty about any "cap-and-trade" scheme to emerge from Congress: 1) It will cost a lot more than anyone estimates; 2) It will have countless unintended consequences, many of them bad; and 3) It will have about as much impact on "global climate change" as a bill requiring that 100 virgins per month be thrown into the Kilauea volcano to propitiate the goddess Pele.”

Add or change this opinion item's references

This item argues against the position Act should be passed on the topic American Clean Energy and Security Act.
