Quote

“ Have hay fever, asthma, a cholesterol pill prescription? Are you a woman of child-bearing age? You're virtually uninsurable at an affordable cost. Even if you're accepted, your carrier reserves the right to cancel your policy retroactively if it finds that you left even a tiny condition from years back off your application. The public option may be your lifeline -- if it's enacted.”

Add or change this opinion item's references

This item argues for the position Act should be passed on the topic Patient Protection and Affordable Care Act.
